

## BIS Ophæng til gasfyr

(0 25 05)

fixing of gas heaters

## Funktioner og fordele

- universal kits for fixing all types of wall-mounted boilers and water heaters
- due to adjustability it is also possible to attach to sloping roof
- largely pre-assembled kit, adjustable bars for flexible positioning of the boiler or water heater
- 034600X: maximum allowed load: 180 kg
- hvert ophæng består af:
  - 2 vertikale skinner 30x30mm
  - 2 horisontale tværstivere 30x30mm
  - 2 gulvbeslag
  - 2 vægbeslag (fleksibel vinkel)
  - befæstelse (plugs eller ankre ikke inkluderet)
- materiale: stål
- studs: pre-galvanized; cross-beams: zinc plated
- each kit is wrapped with assembly instructions
