

Pacifyre® AWM III Fire Collar

for penetrations with flammable pipes 32 - 180 mm

(U 04 35)

Features and Benefits

- built-up fire collar for plastic (combustible) pipes and pipe systems. For apertures in walls (solid walls or light partition walls) and ceilings with fire protection in accordance with UK Legislation
- suitable for damp conditions
- low collar height, allowing building of bends, sockets and T-joints close to the wall or ceiling
- should be fitted to both sides of a wall and on one side below a ceiling
- economical alternative for the Pacifyre® AWM II+ in standard installation situations
- easily installed due to 2 part collar construction
- various finish possibilities, e.g. acrylic sealant, mortar, etc.
- maintenance free
- zero distance is possible between fire collars
- tested according to EN 1366-3
- European approval: ETA-13/0906
