

Walraven VibraTek® SA-3 Silent Absorber

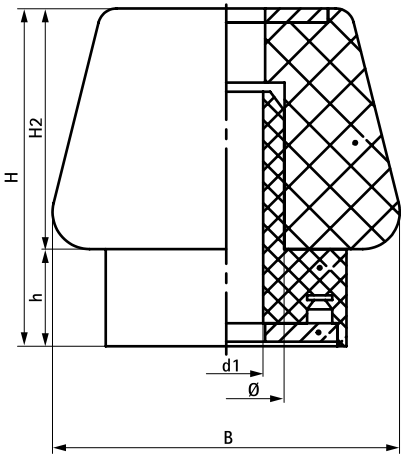

(L2 05 54)

silent rubber absorber for isolating metal to metal contact

Features and Benefits

- formed of two rubber parts which fit into each other, making it is suitable for various fixing plate thicknesses
- ideal isolation of HVAC equipment
- a versatile viscoelastic two-piece rubber absorber for preventing metal-to-metal contact in joined or fastened surfaces
- working temperature range -20 °C till 90 °C
- for use with M8 threaded rods
- simple installation
- prevents transmission of vibration and noise
