

Walraven WDI2R Drop-in Anchor

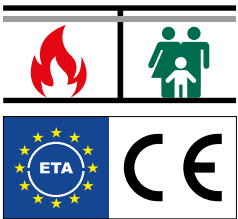

(L 03 21)

reduced length drop-in anchor with a lip collar

Features and Benefits

- increased productivity – the reduced 25mm anchor length minimizes drilling depth and speeds up installation
- approved applications in precast prestressed hollow core slabs
- material: steel
- zinc plated
- fire resistance class R30-R120 for design of anchorages under exposure to fire
- European Technical Assessment according to EAD 330747-00-0601 (May 2018) for fasteners for use in concrete for redundant non-structural systems
- complies with VdS CEA 4001: 2024-01 (08) for applications with sprinkler systems in concrete elements
- substrate type:
 - cracked concrete
 - non-cracked concrete
- for loads and more information, refer to the product data sheet and/or the ETA report
