

BIS Pipe Reinforcement Scale

support for plastic pipe Ø 16 to 200 mm and Ø 1/2" to 3"

(K 35 07)

BISMAT® 5000

Features and benefits

- self-gripping and continuous support for plastic pipes to prevent unsatisfactory deflections
- allows for longer distance between supports
- controls direction of pipe expansion. Maintains alignment of pipe, and prohibits "snaking"
- reinforcement fits inside insulation. Maintains "plenum rating"
- lightweight and economical, also 10 foot lengths are easy to handle
- eases handling and speeds installation of plastic pipes
- can be cut with hand tools
- material: steel
- pre-galvanized
- complimentary product: works well with BISMAT® 5000
