

Walraven Pacifyre® Wool Coating

(U 04 115)

Funktioner och Fördelar

- offers protection up to EI 120
- coating or filler designed for fire protection in cables and penetration seals
- particularly suitable for applications requiring thin dry film thicknesses
- forms a ceramifying protective layer when exposed to fire due to the Strong Endothermic Reaction
- suitable for protective cable coating, cable and pipe penetration sealing, and large-surface bonding on critical substrates
- can be applied indoors and in sheltered outdoor areas
- withstands humidity, freeze-thaw cycles, UV radiation, and various oils and chemicals
- offers strong mechanical resistance
- viscosity can be tailored to specific needs
- coating can be applied using a brush, paint roller, or airless spraying machine
- solvent-free and halogen-free
- tested and approved according to EN 1366-3
